WORK EXPERIENCE

ADRENALINE
Lead Experience Designer
Dec 2015 – Present

Experience Design Lead in a multidisciplinary team that develops unique user experiences in the built environment. Translates branding, strategy and technology into the physical space by bringing concepts to life using 2D & 3D methodology. Develops user journeys, floor plans, 3D models, photo-realistic renderings and FF&E selection. Client facing creative that guides clients to exceptional results and state of the art environments.

ADRENALINE
Sr. Experience Designer
Nov 2014 – Dec 2015

OGILVY & MATHER
Designer
Dec 2012 – Nov 2014

Serves as Design Lead for innovative branding, digital, print, and marketing solutions for several clients including IHG Rewards Club, Holiday Inn Express, Crowne Plaza, and Royal Caribbean. Presents designs and concepts directly to clients and guides them to achieve exceptional results. Collaborates with several different teams to meet project deadlines and marketing proposals.

STANLEY BEAMAN & SEARS
Interior & Graphic Designer
Mar 2010 – Dec 2012

Designed and collaborated in several market sectors including Healthcare, Higher Ed and Museum. Developed environmental graphic design solutions and collaborated in all phases of design while working directly with clients to achieve the desired outcome. Designed interactive user experiences through donor walls, play rooms and wayfinding. Created 3D models and photorealistic renderings for client/team presentations.

PERKINS + WILL - Atlanta,GA
Interior Design Intern
May 2009 – Jan 2010

Designed and collaborated in several market sectors including Healthcare and Higher Ed. Developed schematic designs, and later created working 3D models, along with finish schemes and boards for client/team presentations. Collaborated with several different teams to meet deadlines mainly with space planning, finish selection, presentation boards, and FF&E selection.
